Subject: Elizabeth Verderber

Eddie,

Please tell me when Elizabeth and Brian Budke get back and send me their correct telephone numbers.

I sent e-mail to Elizabeth but no response and the telephone number you gave to me is not in service.

Troy Brin said that Carrie Burgardt might be the one who coordinates the initiation ceremonies normally for KS G. If so, will she do help me coordinate this ceremony with the school?

Please confirm that the model initiation ceremony is now scheduled to be in Forum Hall on Saturday.

I leave for Aspen Wed morning so please respond Tuesday if you get this note. I'll be back Sunday but I need to send the team invitation letters out as soon as possible.

Thanks for your help.

Alan

Subject: Number and Categories of KS G Initiates

Eddie:

Could you please tell me about how many of each of these categories of electees you normally initiate?

Undergraduate Students

Graduate Students

Alumni

Eminent Engineers

I would like to get an idea of how long the ceremony will take in October and to know which sections of Alpha's part to include.

I spoke with Terry King Thursday and he will be happy to join us on the initiation ceremony team. I will be sending out letters to the team as soon as Elizabeth Verderber and I have talked. Troy Brin was very helpful when I talked with him last Sunday.

Thanks.

Alan
